Disclaimer:

By signing this document, you are aware, that this is a screening of the live and dried blood and/or natural alternative consultation to understand your health issues and possibly eliminate your symptoms. It is intended to improve your understanding of your health condition. We believe that an informed client can assist better in their own health, wellness and fitness care which results in a better outcome for the client.

Robert O. Young has pioneered and developed a revolutionary non-invasive live blood analysis, non-invasive coagulated blood analysis, non-invasive clotting factor analysis, blood parasite analysis, blood bacteria, yeast and mold analysis, blood cholesterol and acid crystal analysis, and a comprehensive blood and metabolic panel analysis, detailed reports and consultation to evaluate all hematological anatomical and functional information.

Robert O. Young is a graduate of American College of Natural Healing and the Clayton School of Natural Healing in Birmingham, Alabama, USA, with a BS and PhD (Bachelor of Science and Doctor of Philosophy) in nutrition, a MSc (Master of Science), a DSc (Doctor of Science), ND (Naturopathic Doctor), Certificate in Microscopy from the Enderlein Institute, Essen, Germany and a CPT (Certified Phlebotomy Technician) from the Phlebotomy Training Institute in Los Angeles, California. Robert O Young is an unlicensed naturopathic practitioner and does not diagnose or treat illnesses and/or medical conditions as defined by the scope of a licensed medical practice in California or Florida.

Medical Diagnostic Ultrasound is performed by an ARDMS licensed sonographer under the supervision of a licensed physician. Alternative diagnostic tests as Thermography, Bio-Scan, Non-Invasive Blood Analysis and naturopathic consultation and treatment are not licensed by the state of California as healing arts services but are alternative and complimentary to those licensed services. All services provided are non-refundable.

Discuss any recommendation/treatment/medication changes with your physician prior to make any changes. Please contact your physician for your own personal medical advice.

For further information about complementary and alternative health care practitioners please read 2002 Senate Bill SB 577 available at: ftp://www.leginfo.ca.gov/pub/01-02/bill/sen/sb_0551-0600/sb_577_bill_20020923_chaptered.html
